1. APPROVAL

The SDBIP gives meaning to both in-year reporting in terms of section 71 (monthly financial reporting), section 72 (mid-year report) and section 46 (end-of-year annual reports) and is a vital monitoring tool for the Executive Mayor and Council to monitor in-year performance of the municipality within the financial year. This enables the Executive Mayor and Municipal Manager to be pro-active and take remedial steps in the event of poor performance. The SDBIP aims to ensure that Directors are problem-solvers, who routinely look out for unanticipated problems and resolve them as soon as possible. The SDBIP also enables the Council to monitor the performance of the municipality against quarterly targets on service delivery and to serve as early warning for underperformance. The SDBIP serves as a management, implementation and monitoring tool that will assist the Executive Mayor, Councillors, Municipal Manager and Directors in delivering services to the community.

APPROVED BY THE EXECUTIVE MAYOR
MOPANI DISTRICT MUNICIPALITY
CLLR N.C RAKGOALE

DATE

2. INTRODUCTION

The development, implementation and monitoring of a Service Delivery and Budget Implementation Plan (SDBIP) is required by the Municipal Finance Management Act (MFMA). In terms of Circular 13 of National Treasury, “the SDBIP gives effect to the Integrated Development Plan (IDP) and budget of the municipality and will be possible if the IDP and budget are fully aligned with each other, as required by the MFMA.”

The SDBIP provides the basis for measuring performance in service delivery against quarterly targets and implementing the budget based on monthly projections. Circular 13 further suggests that “the SDBIP provides the vital link between the mayor, council (executive) and the administration, and facilitates the process for holding management accountable for its performance. The SDBIP is a management, implementation and monitoring tool that will assist the Mayor, Councillors, Municipal Manager, Senior Managers and community.”

The purpose of the SDBIP is to monitor the execution of the budget, performance of senior management and achievement of the strategic objectives with the Key Performance Indicators set by Council in the IDP. It enables the Municipal Manager to monitor the performance of Senior Managers, the Mayor to monitor the performance of the Municipal Manager, and for the community to monitor the performance of the municipality.

3. LEGISLATION

According to the Municipal Finance Act (MFMA) the definition of a SDBIP is: ‘a detailed plan approved by the Mayor of a municipality in terms of section 53

(1) (c) (ii) for implementing the municipality's delivery of municipal services and its annual budget, and which must

(2) indicate-

(a) projections for each month of-

(i) revenue to be collected, by source; and

(ii) operational and capital expenditure, by vote;

(b) service delivery targets and performance indicators for each quarter’

Section 53 of the MFMA stipulates that the Mayor should approve the SDBIP within 28 days after the approval of the budget. The Executive Mayor must also ensure that the revenue and expenditure projections for each month and the service delivery targets and performance indicators as set out in the SDBIP are made public within 14 days after their approval.

The following National Treasury prescriptions, in terms of MFMA Circular 13, as minimum requirements that must form part of the SDBIP are applicable to the Mopani District Municipality:

1. Monthly projections of revenue to be collected by source
2. Monthly projections of expenditure (operating and capital) and revenue for each vote¹
3. Quarterly projections of service delivery targets and performance indicators for each vote
4. Detailed capital works plan over three years

4. METHODOLOGY AND CONTENT

The MFMA circular 13 provides clear directives on the contents and methodology to derive at the SDBIP. The IDP objectives need to be quantified and related into key performance indicators.

The Priorities, Objectives and Strategies contained in the IDP lead the way in the development of the Municipal SDBIP. The SDBIP of the Mopani District Municipality is aligned to the Key Performance Areas (KPA) as prescribed by the Performance Management Guide for Municipalities of 2001, with the addition of Spatial Rationale.

The service delivery and performance indicators are assigned quarterly targets and responsibilities to monitor performance.

The SDBIP is described as a layered plan. The top layer deals with consolidated service delivery and other performance targets and time frames as indicated on this plan. More details per directorate and sub-directorate are contained in the second layer of the SDBIP in the form of Divisional SDBIPs. This second layer need not be made public and mainly serves as internal organisational and individual monitoring tools. These details will form the basis for departmental and individual performance monitoring and employee performance management alignment.

1

Section 1 of the MFMA defines a "vote" as:

a) one of the main segments into which a budget of a municipality is divided for the appropriation of money for the different departments or functional areas of the municipality; and
b) Which specifies the total amount that is appropriated for the purposes of the department or functional area concerned

5. VISION, MISSION AND VALUES

The Vision of Mopani District Municipality is:

"To be the Food Basket of Southern Africa and the Tourism destination of choice"

The strategic Mission is:

"To provide integrated, sustainable and equitable services through democratic, responsible and accountable governance; Promoting the sustainable use of resources for economic growth to benefit the community"

The Values of Mopani District Municipality are:

Values	Description
Innovation	For the District Municipality to achieve its vision it must have "out of the box" thinking to do things differently for maximum impact. The District Municipality needs to identify creative strategies to enable it to address the back log as well as prepare for future growth in the area.
Commitment	Each and every role player needs to be fully committed to the vision of the District Municipality, both from an institutional as well as an individual point of view.
Excellence	Synonyms for 'Excellence' include 'fineness', 'brilliance', 'superiority', 'distinction', 'quality', and 'merit'. Excellence in all endeavours must be a defining virtue by which the District area pursues its vision.
Ubuntu and Care	The District Municipality needs to subscribe to the philosophy of Ubuntu – "We are because you are". Ubuntu was described by Archbishop Desmond Tutu (1999) as: "A person with <i>Ubuntu</i> is open and available to others, does not feel threatened that others are able and good, for he or she has a proper self-assurance that comes from knowing that he or she belongs in a greater whole and is diminished when others are humiliated or diminished ..." Furthermore, the concept of <i>caring</i> needs to be inculcated into the hearts and minds of both officials and politicians: caring for the marginalised, caring for the environment, caring about consequences, care in every action, decision and thought, and caring about each value underpinning the vision for the Mopani District Municipality.

6. STRATEGIC OBJECTIVES

The Strategic Objectives of Mopani District Municipality are indicated on the strategy map below. These objectives serve as the road map on how the municipality plans to become the Food Basket of Southern Africa and the Tourism destination of choice. These objectives were positioned in terms of the Balanced Scorecard Perspectives being: Learning and Growth; Institutional Processes; Financial results and Community Satisfaction. All outputs contained in the SDBIP are aligned to the attainment of one or more of these

To be the food d basket of Southern Africa and the tourism destination of choice

KPA	STRATEGIC OBJECTIVE
Municipal Transformation and Organizational Development	To inculcate entrepreneurial and intellectual capabilities.
	To strengthen record keeping & knowledge management
Basic Service Delivery	To accelerate sustainable infrastructure and maintenance in all sectors of development.
	To have integrated infrastructure development.
	To improve community safety, health and social well-being
Local Economic Development	To promote economic sectors of the District
Spatial Rationale	To have efficient, effective, economic and integrated use of land space.
Financial Viability	To increase revenue generation and implement financial control systems
Good Governance and Public Participation	To promote democracy and sound governance

7. MONTHLY REVENUE AND EXPENDITURE PROJECTIONS

One of the most important and basic priorities for any municipality is to collect all its revenue as budgeted for – the failure to collect all such revenue will undermine the ability of the municipality to deliver on services. The municipality must ensure that it has instituted measures to achieve monthly revenue targets for each revenue source. The revenue projections relate to actual cash expected to be collected and should reconcile to the cash flow statement approved with the budget documentation.

It is necessary to also should show monthly projections of expenditure. The expenditure projections relate to cash paid and should reconcile to the cash flow (reconciliation between revenue and expenditure per month) It is necessary to manage and monitor cash flow on a monthly basis to ensure that expenditure do not exceed income, which if not properly managed might lead to the municipality running into financial difficulties. The reason for specifying cash flows is to ensure that expenditure does not exceed actual income.

This part of the plan will deal with the following:

1. Monthly revenue projections:
 - a. Revenue by source;
 - b. Revenue by vote;
 - c. Revenue in terms of standard classifications.
2. Monthly expenditure projections:
 - a. Expenditure by type;
 - b. Operational expenditure:
 - i. By vote
 - ii. In terms of standard classifications
 - c. Capital expenditure:
 - i. By vote
 - ii. In terms of standard classifications
3. Cash flow projections
 - a. Cash receipts by source
 - b. Cash payments by type

REVENUE

From the graph below, it can be observed that the majority (76 %) of the revenue for 2017-2018 is expected to come from transfers and subsidies, followed by service charges for water (20%):

Mopani District Municipality SDBIP 2017-2018

8. SERVICE DELIVERY AND PERFORMANCE INDICATORS METHODOLOGY

The strategic objectives of the MDM are linked to the Strategic Scorecard in the IDP 2016-2017 wherein detail is provided to relate d programmes and sub-programmes to ensure the execution and the achievement of strategic objectives.

Table 3.8: Combined Strategic and Programme Scorecard

Strategic Objective	Programme	Sub-Programme	Programme Objective	Programme Strategies
	Customer Relations Management	Community Satisfaction	To improve on the satisfaction level of community members	Establish a fully functional and resourced call centre and hotline whereby enquiries, complaints and reporting of allegations of corruption and fraud can be reported. This call centre to be equipped with a complaint management system. Development and implementation of plans and a policy regarding the management of the call centre and the management thereof. Annually produce, distribute and analyse a community satisfaction survey with a report to determine the satisfaction of the community and addressing shortcomings
		Marketing and branding	To promote the tourism in the District, South Africa and Internationally to ensure economic growth through attractions	Branding of the Vision and making known the contributions to achieve vision. Develop marketing strategy. Implementation of standardisation of publications. Keeping website updated. Provide local municipalities with strategy to localise for own marketing purposes.
	Health	Coordination of Health and Social Development Services	To ensure a healthy community	Ensure that the District Health Plan is reviewed by involving all key stakeholders. Support and monitor the implementation of the Integrated District Health and Social Development Plans and the HIV and AIDS Strategy. Council to adopt the reviewed HIV and AIDS Strategy; Ensure that strategies are aligned district – wide. Continuously attend local municipality's meetings where necessary. Continuously monitor schools for health purposes. Encourage and support Local AIDS Councils.
Improve Community well-being	Disaster Management	Disaster institutional capacity and information management & communication	To prevent loss of life, infrastructure, environmental degradation and economic disruption due to disasters.	Strengthen institutional arrangements for Disaster Risk Management, enhancing capacity (access to resources) and capability (trained personnel). Establish a comprehensive disaster management information and communication system.

Mopani District Municipality SDBIP 2017-2018

Strategic Objective	Programme	Sub-Programme	Programme Objective	Programme Strategies
		Disaster risk assessment and reduction		Conduct risk assessment to ensure guide risk reduction. Introduce disaster risk management planning and implementation to inform developmentally-orientated approaches, plans, programs and projects to reduce risks. The review of the disaster management plan.
		Disaster response and recovery, education, training and public awareness		The implementing priorities concerned disaster response, recovery and rehabilitation The coordination of integrated multi-stakeholder response ability and the preparation and implementation of appropriate aspect specific high risk preparedness and contingency plans. Address disaster risk management priorities in education, training, public awareness and research.

Establishment of effective governance structures of Environmental Health Services in the District Reduction of the incidents of environmental health risks through effective implementation of MHS programmes Strengthening Environmental Health promotion. Support and monitor the implementation of the District HIV & AIDS Strategy
	Fire Services	Fire Services response and rescue	To prevent loss of lives and infrastructure through fire	Effective and efficient implementation of Emergency Fire Services By - laws Ensure provision of appropriate resources and capacity building in the fire services Unit. Effective and efficient utilisation of resources to maximise fire service delivery
Improve Community well-being	Social Development	Disability, youth ad gender Development	To ensure quality of life of vulnerable groups through national, provincial and municipal initiatives	Establish status quo on beneficiation of people with disability, youth and women from municipal programmes and projects. Ensure mainstreaming of people with disabilities, youth and women in municipal programmes and projects
	Sport, Arts and Culture	Coordination and support of Sport, Recreation, Arts and Culture (SRAC)	To ensure a mental and physical healthy community	Promotion and sustenance of effective implementation of SRAC programmes Integration of SRAC programmes with municipalities, departments and federations in the district.

Mopani District Municipality SDBIP 2017-2018

Strategic Objective	Programme	Sub-Programme	Programme Objective	Programme Strategies
Grow the economy	Local Economic Development	Agricultural Development	To account for permanent and temporary jobs per categories	Implementing broad based black economic empowerment (roll-out of the strategic framework).
		Tourism Development	To promote tourism attractions to ensure economic growth	Branding and Marketing of tourism attractions domestically, nationally and internationally
Become financially viable	Budget Management	Expenditure management	To manage the financial affairs of the municipality to ensure financial viability	Draft budget within benchmark set by National Treasury within guidelines from MFMA. Fully in line with GAMAP legislation, National Treasury benchmark and MFMA. Ensure budget is totally aligned with IDP. Contain personnel costs within the targets. Timeous compilation and submission of financial statement. Ensure expenditure within municipal budget. Implement and maintain of control system to ensure accurate information of the municipal budget
Become financially viable	Budget Management	Revenue Management	To increase revenue to become financially sustainable	Implementation of revenue enhancement strategy, assess the impact of the strategy. Ensure revenue enhancement strategy includes measures to decrease municipal debt, review revenue enhancement strategy if necessary. Ensure cost recovery and credit control. Implement measures to reduce municipal debt

Mopani District Municipality SDBIP 2017-2018

Strategic Objective	Programme	Sub-Programme	Programme Objective	Programme Strategies
	Supply Chain Management	Procurement	To streamline supply chain processes	Draft supply chain processes and ensure that it is equitable and transparent and in line with legislation. Ensure compliance with all legislation. Maintain service level with all departments. Structuring of committees in line with MFMA. Streamline and optimise procedure processes, especially regarding demand management. Deliver optimal supply chain management services to all departments in the institution in line with departmental needs. Review supply chain management policy to include aspects such as BEE rating. All tender adverts should include BEE rating as an additional requirement. Analyse statistics and ensure targets are achieved. Conduct a survey on individuals empowered through the BEE rating to determine impact. Source participation from SA Statistics. Review strategic approach in terms of the impact achieved
	Fleet Management	Municipal Fleet	To ensure that the municipal fleet is managed cost effectively	Restructuring of the fleet management unit. Fully resource the fleet management unit. Review, implementation and monitoring of control measures. Annual review of cost effectiveness of municipal fleet
	Asset Management	Asset register	To manage, maintain and upgrade municipal assets	Updating of asset register in terms of legislation. Conversion to be GRAP compliant. Ensure that the Asset Management unit is resourced. Keeping asset register updated. Regularly verify office equipment and furniture against the asset register
Democratic and accountable organisation	IGR	Cooperative Governance	To establish and develop sustainable partnerships to ensure economic growth in the District	Coordination of different government structures within the District
	Governance and Administration	Anti – corruption	To ensure a corrupt free institution	Intensification of the implementation of anti-corruption strategy. Disseminate the strategy to all employees and Councillors. Utilisation of the hotline to address reported cases of alleged corruption. Once the hotline is in place, review the strategy
		Audit	To ensure clean audits through good corporate governance	. Development of three years and annual internal audit plan. Ensure compliance and consistent adherence to policies (continuous monitoring and reporting). To strengthen and support oversight

Mopani District Municipality SDBIP 2017-2018

Strategic Objective	Programme	Sub-Programme	Programme Objective	Programme Strategies
		Risk Management	To review and approve the risk register annually and monitor the implementation of risk mitigated plans	Review Enterprise Risk Assessment annually. Ensure that identified risks according to the Risk Assessment are minimised and addressed.
		Governance	To develop, implement & enforce policies and by-laws	Internalise organisational policies and implement management and Council resolutions timeously. Update existing policies and develop new policies.
		Powers and functions	Implementation of powers and functions as prescribed by the Constitution	Explore the District powers and functions allocated by the Constitution which can be rendered economically, especially the establishment of a District library. Follow the legal procedures in the transfer of those economically viable functions. Manage the rendering of those functions in an economical, efficient and effective manner
	Monitoring and Evaluation	Organisational monitoring, evaluation and reporting	To ensure an organisation that is accountable and responsible	To monitor the implementation of the IDP through the SDBIP. To evaluate the implementation of the IDP through monthly and quarterly reports To ensure that formal and informal quarterly evaluations are conducted
Manage through information	Geographic and Information systems	Record keeping	To ensure proper record keeping	Registry division to be capacitated and resourced to ensure optimal functionality. Enhance supervision on record data keeping and collection
		GIS development	To ensure effective institutional data management	To ensure implementation of the GIS policy
Plan for the future	Integrated Development Planning	IDP Review	To have an integrated development plan	Facilitate the District IDP process

Mopani District Municipality SDBIP 2017-2018

Strategic Objective	Programme	Sub-Programme	Programme Objective	Programme Strategies
	Spatial Planning	Develop and review spatial development frameworks (SDF)	To have integrated spatial planning	The implementation and monitoring of SDF and spatial policies
Plan for the future	Spatial Planning	Monitoring the implementation and Compliance of LUMS	To ensure sustainable human settlements	Developing rural areas to ensure that people stay in rural areas and thereby reduce urbanization ¹ . Identification of development potentials of various rural areas. To advise on areas with the highest potential for economic growth with needed infrastructure, social services, economic base such as manufacturing, tourism, mining, farming , retail or commercial activities, etc. To provide guidance on where exactly certain activities should or should not take place based on the spatial research
Develop and maintain infrastructure	Free Basic Services	Free basic water and sanitation	To ensure that all indigent households have access to free basic services	Review District Indigent register in consultation with local municipalities. Assist local municipalities with campaigns on indigent registers so that communities are informed of the existence of the indigent registers. Enhance partnerships to speed up eradication of backlogs. Eradicate basic services backlogs equal to or earlier than national targets
		Bulk water infrastructure	To ensure that all households have access to basic water	Establish status quo of backlogs in the provision of basic water. Develop and implement strategies on how basic water backlogs will be eradicated
		Sanitation infrastructure	To ensure that all households have access to basic level of sanitation	Establish status quo of provision of water to all households. Develop and implement strategies on how basic sanitation backlogs will be eradicated

¹ Urbanisation means mass movement of people from rural areas to urban areas. Most squatting or informal settlements in urban areas are due to urbanization process. Therefore developing rural areas will stem the urbanization tide and thereby bring stability in both rural and urban areas and this is what we call sustainable human settlements.

The achievement of strategic objectives will lead to the realisation of the vision and mission of the municipality in line with national and provincial priorities. In this way a downwards cascading from national and provincial priorities that influences the strategic intent of the MDM is achieved. Strategic objectives linked to programmes and sub-programmes as described in the Strategic Scorecard are operationalised in the IDP Programme Strategies and Reporting Scorecard so as to ensure the measurement and reporting in line with the achievement of the strategic objectives of the MDM. This IDP Programme Strategies and Reporting Scorecard provides the framework for the development of the SDBIP which includes annual targets broken down into quarterly targets for improved measurement. Programmes included in the IDP Strategic and Programme Strategies and Institutional Scorecard are also linked to directorates which will be responsible for the execution of activities, programmes and processes (actions) to ensure the achievement of programmes and related sub-programmes. The Strategic and IDP Programme Strategies and Reporting Scorecard included in the IDP are thus cascaded to the different directorates where they report on the actions taken to ensure the achievement of the three-year IDP targets broken down within the SDBIP.

The IDP Strategic (Highest level) and Programme Indicators are indicated below, followed by the Reporting Scorecard that have been developed into Directorate responsibility Scorecards per Vote.

8.1. SERVICE DELIVERY KEY PERFORMANCE INDICATORS

The high level non-financial measurable performance objectives in the form of service delivery targets and other performance indicators form part of this section of the SDBIP. These indicators and targets will be cascaded to departmental score cards, which will be used for internal monitoring of the organisation and relevant individuals. The service delivery and other performance indicators follow per directorate below:

8.2. OFFICE OF THE MUNICIPAL MANAGER – VOTES 005, 080, 006

9. DETAILED CAPITAL WORKS PLAN OVER THREE YEARS

Mopani District Municipality SDBIP 2017-2018

A detailed three year capital works plan is required to ensure sufficient detail to measure and monitor delivery of infrastructure projects. The capital works plan over three years is indicated below:

Municipal Vote/Capital project	Ref	Program/Project description	Project number	IDP Goal code 2	Individually Approved (Yes/No)	Asset Class	Asset Sub- Class	GPS co- ordinates	Total Project Estimate	Prior year outcomes		2017/18 Medium Term Revenue & Expenditure Framework			Project information	
R thousand	4				6	3	3	5		Audited Outcome 2015/16	Current Year 2016/17 Full Year Forecast	Budget Year 2017/18	Budget Year +1 2018/19	Budget Year +2 2019/20	Ward location	New or renewal
Parent municipality:
