

**Mopani District
Municipality**

MEDIA RELEASE

DATE: 16 OCTOBER 2018

WATER SUPPLY DISRUPTIONS IN GIYANI.

Water supply is expected to be disrupted in the town of Giyani and surrounding villages due to maintenance work to be done at four of the Mopani District Municipality's reservoirs. The routine maintenance work will be done from the 17th to the 18th of October 2018. The four reservoirs that are going to be affected are clustered under the Giyani Water Works which supplies the entire Giyani area with water. The Mopani District Municipality urges communities to use water sparingly as our technical services will be working tirelessly to ensure that the maintenance is done within the two days. Some of the villages to be affected are Thomo, Khakhala, Homu 14-A and B, Mapayeni, Ngove, Bambeni and Mageva.
