1 Introduction

The Municipal Systems Act No. 32 of 2000 (as amended) on section 27 stipulates that each district municipality, within a prescribed period after the start of its elected term and after following a consultative process with the local municipalities within its area, must adopt a framework for integrated development planning in the area as a whole. Section 28 of the Municipal Systems Act No. 32 of 2000 (as amended) further requires that each municipal Council adopt a process that would guide the planning, drafting, adoption and review of the IDP and Budget. The District and local municipalities within its area, have to carry out the planning process in accordance with the framework that is binding to both, and approved by a District Municipal Council. Each of the local municipalities, including the District must prepare a Process Plan to guide and manage the IDP Review process, in so far as planning, drafting and adoption, so as to ensure maximum community participation, transparency and accountability by all role players.

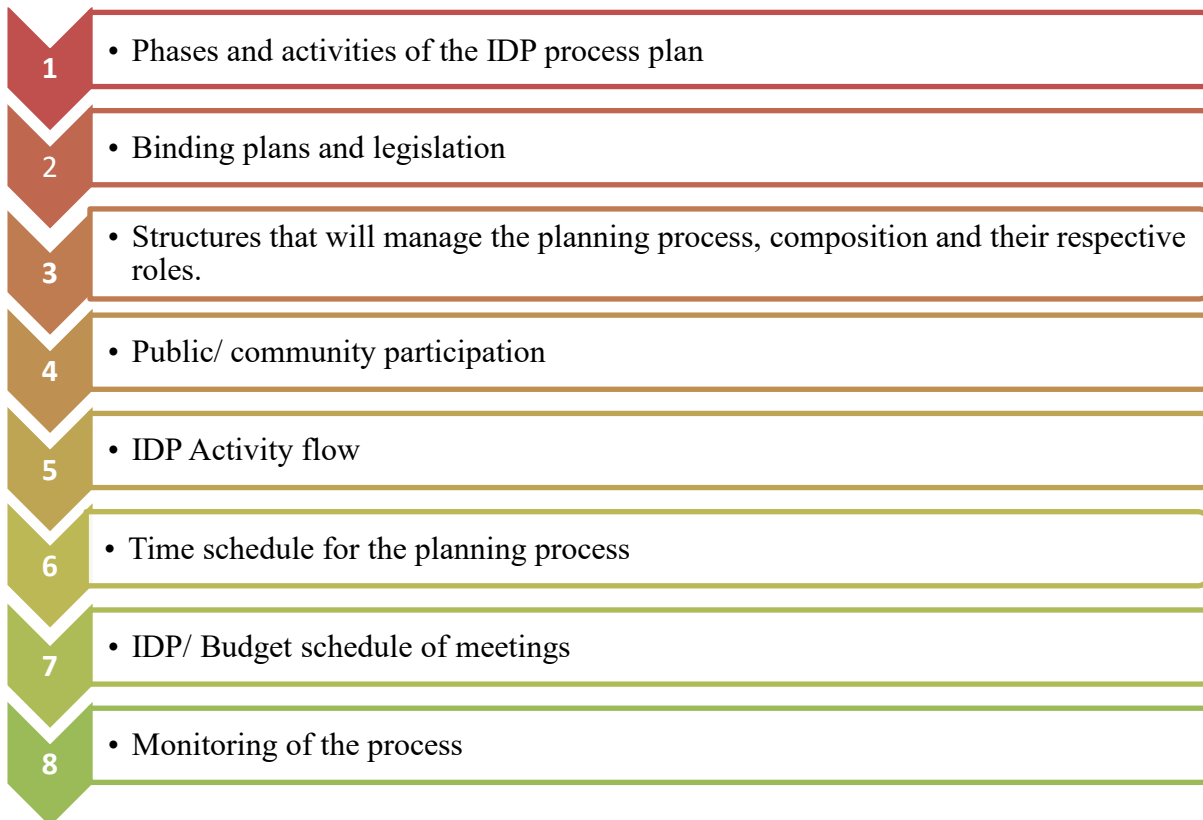

Clear and established mechanisms, procedures and processes for consulting with communities are imperative and should have been followed before such plan is adopted by Council. Section 21 of the Municipal Finance Management Act No. 56 of 2003 provides that at least 10 months before the start of the budget year, the Executive Mayor should table in the municipal council a time schedule outlining key deadlines for:

- (i) The preparation, tabling and approval of the annual budget; and
- (ii) The annual review of the integrated development plan in terms of section 34 of the Municipal Systems Act.

Having been agreed by both District and its Local municipalities, the Framework should become the benchmark from which every municipality sets its planning processes, to ensure harmony in the coordination of activities. In the event that disputes arise, the dispute breaking mechanisms should be in place for a solution. The Framework should provide structures that would deal with every activity and the line of command would also be clarified. The framework will also provide how the IDP would be implemented, monitored and evaluated.

The Mopani District Municipality process plan outlines the following:

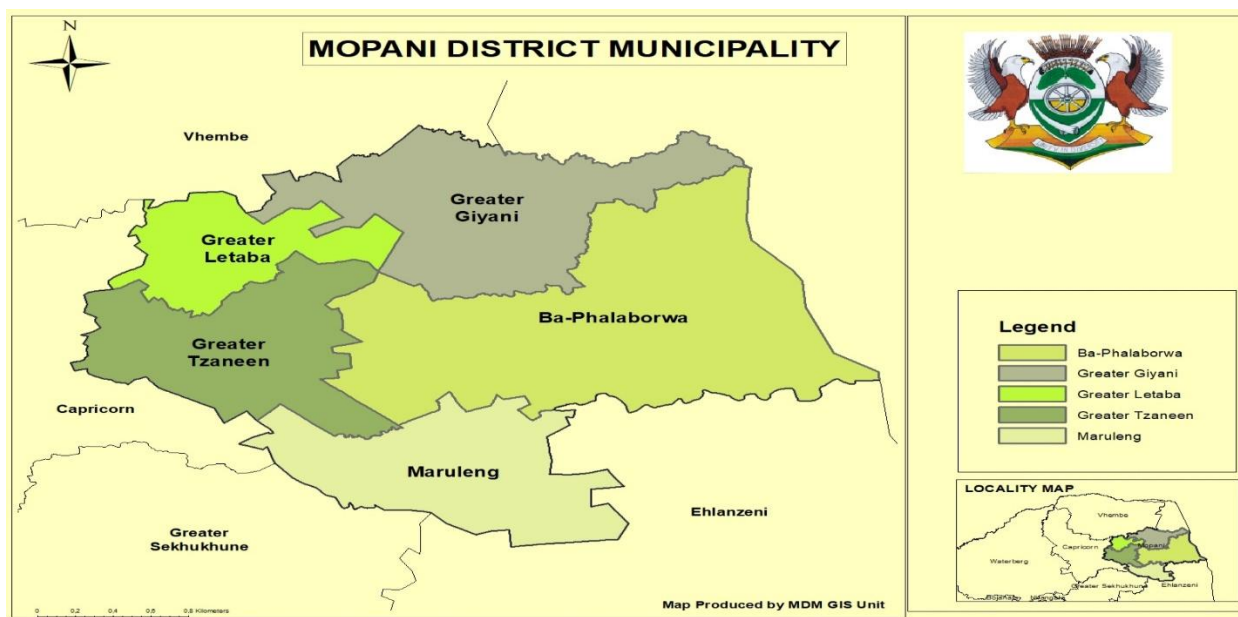

3 COMPONENTS OF THE DISTRICT MUNICIPALITY

Mopani District Municipality is made up of five local municipalities as defined/described in terms of the Municipal Demarcation Act 27 of 1998. The Local municipalities referred to here are:

- Greater Letaba,
- Greater Giyani,
- Greater Tzaneen,
- Ba-Phalaborwa,
- Maruleng.

The local municipalities are further demarcated in terms of wards, totaling to 129 wards in the whole district area, with 16 urban areas (towns and townships) and 354 villages (rural settlements).

6 LOCALIZED DEVELOPMENT PLANNING GUIDELINES

While national and provincial legislative provisions should guide the planning and development, municipalities will also look into the circumstances that are pertinent and particular to their areas. These would be referred to as Localized planning guidelines. Mopani District Municipality's development planning will therefore be guided locally by information with respect to:

- (i) **Down-stream:** Poverty stricken communities, drought, poor Socio- economic infrastructure, high skills shortage, disintegrated human settlement and Environmental degradation.
- (ii) **Up-stream:** High tourism, agriculture and mining potentials, Neighborliness with Mozambique.
- (iii) State of the Nation Address (SONA)
- (iv) State of the Province Address (SOPA)
- (v) State of Municipal Address (SOMA)

(vi) State of the District Address (SODA)

(vii) Prioritization model

(viii) Availability of Resources

The above should guide areas of emphasis to project initiation and resource allocation.

7 ALIGNMENT ISSUES

Alignment is an instrument used to synthesize and integrate the top-down and bottom-up planning process between different spheres of government. Alignment should be between Local and District municipalities as well as National and Provincial government. All parties involved in the alignment need to be informed regarding their roles.

There are two types of alignment procedures that have to take place in the IDP process, i.e. **vertical and horizontal alignment**. These procedures complement each other, and the Mopani District municipality will ensure that both procedures are applied. **The horizontal alignment, which is between Local municipalities and the District (Category B & C municipalities)**, ensures that planning processes and issues are co-coordinated and addressed jointly. The District has the responsibility to ensure that horizontal alignment between the local municipalities does take place. On the other hand, the **vertical alignment is between local government (local and district municipalities) and other spheres of government (provincial and national sector Departments)** and also other stakeholders (state-owned enterprises) e.g. Eskom . These have to ensure that the IDP is in line with national and provincial policies, legislation and areas of focus, so that the support role of both national and provincial government to municipalities could fit well, e.g. budget and other resource allocations from government departments. As provided for in Section 35 of Municipal Systems Act 32/ 2000(as amended), the following milestones of alignment should be attained:

(i) Budgeting process of the municipality should align with IDP process in the way that allocations would be informed by the priorities and objectives emanating from the IDP. It is imperative to ensure that all projects in the IDP should (where necessary) be budget-linked.

(ii) National and Provincial Departments' programmes/projects at municipal levels should align with the municipal development priorities and objectives.

(iii) Local government programmes at the District level should align with programmes at the local municipalities.

(iv) All development initiatives by anyone (government, private sector or international agencies) should

only be approved on the basis that they have expression in the priorities and objectives of Mopani District family of Municipal IDPs.

(v) Local municipalities IDPs should inform the District IDP within the District framework.

(vi) The District should coordinate and harmonize the relations on projects that are located across any two or more local municipalities. That will include inter-district project ripple impact. Where need arises
Department

Strategy for Horizontal Alignment

The main responsibility of horizontal alignment lies with Mopani District, but the responsibility of aligning local issues at the municipal level lies with the municipality concerned. The IDP Managers Technical Committee, District Development Planning Forum will be responsible for the alignment between the local and district municipalities, and Provincial and National Departments. Further alignment will take place within the District IDP Representative Forum meetings, with representatives from local IDP Representative Forums. The District IDP should also align with adjacent municipalities, viz. Vhembe (Colins Chabane, Thulamela and Makhado) , Capricorn (Molemole and Polokwane), Ehlanzeni (Bushbuckridge and Thaba-Chweu) and Sekhukhune (Fetakgomo) for developmental issues of common interest.

Strategy for Vertical Alignment

The core component of vertical alignment will be through the Sectoral Cluster meetings in Economic, Social, Safety and Security, Infrastructure and Governance & Administration, that are convened at District and Provincial levels. Alignment with Provincial Departments may also be achieved through Provincial planning forum visiting the District. The District will review Stakeholders/Community membership participating in IDP on annual basis. Office of the Premier and CoGHSTA will supervise this level of alignment.

Sector Alignment

During the past IDP cycles, it has been noted that some municipalities in the district were struggling to develop the required sector plans. The district has an obligation to support such municipalities. Where these municipalities lack the capacity it is recommended that they partner with relevant sector Departments for assistance in the development of these plans.

8 APPROACH TO INTER AND INTRA MUNICIPAL ISSUES

In realization that Mopani is part of Limpopo province, part of South Africa, and abutting with Mozambique, Mpumalanga province and other municipalities, care shall be taken when dealing with issues that may have ripple effect to those entities. Meetings with them should be facilitated at any level where issues arise. For interaction with countries outside South Africa, Department of Foreign Affairs, Department of Cooperative Governance, Human Settlements and Traditional Affairs and Office of the Premier will be consulted.

Again, taking cognizance of the Local sphere of government's distinctive role, interrelated to National and Provincial spheres, all projects/ programmes of national, provincial, district-wide or local, taking place in a space that is managed directly by a Local municipality, courtesy shall be exercised in engaging the municipality concerned, to the level of the Ward committee/ Councilors.

9 IDP PROCESS ISSUES

- (b) The IDP process should align with the legislative time-frames as scheduled in MSA & MFMA.
- (c) Community involvement should be enshrined in the process from Preparatory phase to Approval and Implementation phases of the IDP. (MSA and MFMA).
- (d) Local municipalities IDP process should be informed by the Ward level development issues.
- (e) In all phases of the IDP Review process, Local municipalities should inform the District within the District frame-work.
- (f) Local municipalities shall submit the approved IDP documents and sector plans to the District Municipalities.
- (g) Capital projects in the Local municipal IDPs should also have expression in the District municipal IDP. Local Municipalities should ensure their responsibilities on projects within their localities and the District may only be engaged depending on the magnitude of a project.
- (h) Project proposals that are initiated after the approval of the IDP shall go into the next annual Review process or shall cause the amendment of the current IDP, in accordance with the process indicated in regulation 3 of the Municipal Planning and Performance Management Regulations, 2001.

10 IDP STRUCTURES/DRIVERS OF THE IDP PROCESS

11 INTERGOVERNMENTAL STRUCTURES THAT SUPPORT THE IDP PROCESS

In order to give effect to municipal planning in co-operative government, Mopani District Municipality has in terms of Intergovernmental Relations Act, sections 22 and 27, developed Intergovernmental Protocol Framework which provides for the establishment of structures that deal with alignment of development programmes and service delivery issues across spheres of government as well as organs of the state. The structures also deal with broad policy matters that provide bottle-necks breaking mechanisms in IDP processes and implementation. The Table below shows the structures, their composition and functions.

All structures dealing with IDP & Budget at the District level shall bear representation of local municipalities to ensure alignment at every stage of the IDP Process. All main IDP meetings of local municipalities shall have district representation. Programmes for meetings will be coordinated in harmony with one another to avoid or minimize clashes.

12 PUBLIC PARTICIPATION

IDP Process should allow for community involvement throughout the phases as well as in the implementation. The IDP Representative Forum is the core structure that will provide effective participation and representation of communities in the IDP Process. At the lowest level the structure that provides avenue for community participation in the form of information sharing in the IDP/ Budget Process is the District Ward Committee Forum.

Areas of focus are in the identification of strategic development priorities as well as prioritizing resource allocation to programmes and projects. Every phase of the planning process should allow for public debates, recommendations and/or decisions that will guide District Municipal Council in its independent decision-making platform.

Mechanisms of Public participation

- IDP Rep Forum
- Public participation road shows
- Electronic and print media (Local Newspaper, Municipal website)

13 IDP ACTIVITY FLOW

15 DISTRICT DEVELOPMENT PLANNING FORUM

Government is still experiencing some appalling levels of planning paralysis, and this impacts negatively on the Integrated Development Planning processes. As a result, Mopani District Municipality on the 3rd July 2023 launched The Mopani District Development Planning Forum to bridge a perceived planning social distance between municipalities, sector departments and other sectors. The main objectives of the forum are to close the perceived social distance between sector departments, open a single window of coordination in the local government space, internalize understanding on the District Development Model and One Plan, and reduce the level of planning paralysis within government sectors.

Role of the Mopani District Development Planning Forum

- Coordination and consolidation of plans from all participating sectors.
- Ensure a responsive, caring and accountable local government by responding to principles of back to basics.
- Work together with every stakeholder to ensure availability of a hub for each DDM work-stream.
- Ensure implementation, monitoring and evaluation in line with principles of performance management.
- Ensure compliance and alignment with provincial planning protocols.
- Communicate DDM/One Plan information to all affected institutions for capacity building purposes.
- Ensure that there are sessions aimed at bridging the information gap among forum participants.
- Ensure improved participation

District Development Planning Forum Meetings

District Development Planning Forum meetings shall be held quarterly in line with the IDP/DDM/One Plan processes. Mopani District Municipality shall coordinate and preside over the forum meetings. All sectors shall be allowed to submit items which need the attention of the forum. Sectors are expected to delegate relevant officials as per the roles of the forum. Mopani District Municipality shall provide secretariat services to all meetings.

17 MONITORING AND EVALUATION OF THE IDP PROCESS PLAN

Mopani District Municipality will be responsible for monitoring its own IDP/ Budget Process Plan and ensure that the Framework is being followed as approved. The District IDP office must check and report compliance to District Managers' and District Intergovernmental Forums for support interventions, for all local municipalities within Mopani District Municipality.

Monitoring mechanisms will include monthly progress reports on IDP/ Budget implementation as per the SDBIP, submitted to the Executive Mayor and quarterly IDP implementation reports to Municipal Council.

18 COST ESTIMATES

An amount of R1 200 000 has been set aside for IDP Review.

19 CONCLUSION

The IDP Framework/ Process Plan adopted by Council shall be binding to all in the District and shall further provide transparency and accountability to the communities and stakeholders of Mopani District Municipality. The Framework/ Process plan is drafted with due cognizance of the requirements stipulated in section 27 of the Municipal Systems Act 32/ 2000 and is intended to promote cooperation among all role players in the three spheres of government, during the review of the IDP of Mopani District Municipality, taking cognizance of the District Development Model approach.

Due to the vast diversity of stakeholders and role players, the principled code of conduct should be adhered to facilitate coordination, interactions and proceedings of meetings in the IDP process. Over and above the structures and systems in place for mutual cooperation between the different parties to attain corporate approach to development planning, it is incumbent upon individual role players to abide by the principles of Batho-Pele and have a value system that is passionate to economic, environmental and social well-being of citizens of Mopani District Municipality.
